

Double-fold Anointing

January 18, 2021, 8:39am

The Lord said, “I’m releasing a double fold anointing.”

I saw you, Apostle Jerry, driving a cattle drive. You were on a horse and you were the man in charge and you were in front of the cattle. You were to my left. There were many, many cattle running and walking. I saw your **five-fold** on horses. They were whistling at the cattle. They were driving the cattle in your direction to my left. Everyone was working together.

The cattle represented significant financial increase as well as sheep coming into the kingdom. Where we are located at now will not hold all the cattle or the sheep that’s coming in. Gods is expanding the land around you and making room for the increase. You will drive the cattle home. And He also said clearly with such compassion... “There’s nothing like bringing the cattle home”.
