

# **I Am Gathering Your Children and Your Children's Children**

January 7, 2021

The Lord showed me vivid pictures of our Honey Rock children who had fallen away from the Lord. The Lord said, "I am gathering your children & your children's children."

I then saw a piece of paper of all of our children's pictures in a collage. There was more than one piece of paper. These collages of pictures were printed out for us to anoint with oil and to pray over.

I also heard someone breathing heavy as if they were sleeping. The Lord said that our children need to wake up from their stupor.

The word stupor means:

- A state of reduced sensibility or consciousness.
- Suspension or great diminution of sensibility; a state in which the faculties are deadened or dazed; torpidity of feeling.
- Intellectual insensibility; dullness of perception or understanding; mental or moral numbness
