“Kingdom Wealth Economic System”

Part 3

By Apostle Jerry Upton

One of the most important aspects about the Kingdom Wealth Economic System is that the Word of God teaches us that God's system is built on ACCESS AND NOT OWNERSHIP. The spirit of ownership or possession is what the world's system is based on, and in turn creates greed, lack, poverty, deceit, frustration, and being willing to do anything in order to attain wealth.

This is one of the reasons that Jesus taught us to model the Kingdom of God system in Matthew 6:25-33. In actuality, He was protecting us from the destructive system that many are living by who don't have a covenant with God. Sadly, many churches and believers are living by this ungodly system, and fail to realize that they are under the control of the enemy because they have entered the beast system.

The world's system is clearly revealed in Ecclesiastes 5:12, when it says: “The sleep of a laboring man is sweet, whether he eat little or much: but abundance of the rich will not suffer him to sleep.” One of the greatest teachings on wealth and how to view it is found in Luke 12:16-21 {stop and read it now}. The word “I” is mentioned six times in those verses, he claimed ownership rather than access, and the end result shows us the great danger of thinking and planning like this.

The Kingdom Wealth Economic System is based on the fact that the King owns everything and gives us access to everything that He owns. “The earth is Yahweh's and the fullness thereof; the world, and they that dwell therein.”
